Three years ago, a dreadful fire devastated Notre-Dame de Paris cathedral. On 15 April 2019, what went up in flames was not only one of the finest examples of French Gothic architecture, but most importantly a symbol of the nation. For more than eight and a half centuries, its imposing silhouette has dominated the heart of Paris, and always been considered one of the most emblematic monuments of Paris and France. Since the 12th century, Notre-Dame de Paris cathedral has fascinated and inspired pilgrims, visitors and artists from all over the world, and is intimately linked to the destiny of France and the great hours of its history.

From this April and for two months, Alliance Française de Singapour has decided to put the spotlight on the architectural masterpiece, “Our Lady of Paris”, to continue sharing French cultural heritage with all communities through the French Excellence programme. In a spectacular exhibition, “(Re)births”, you will be able to deeply immerse into the history of Notre-Dame from its construction to its successive restorations. And what better immersion than a fantastic virtual reality experience, where you will be able to walk inside the cathedral and on places inaccessible to the public.

To bring different perspectives on Notre-Dame de Paris and its rebirths, a large series of talks, screenings and workshops are offered, for the whole family to enjoy: a conference about the heritage in France and worldwide of Viollet-le-Duc, a book club on Victor Hugo’s masterpiece, “The Hunchback of Notre-Dame”, a workshop on architecture for kids, screenings of a documentary, a musical by Sing’Theatre... just to name a few.

Our language centre is also offering the opportunity for students learning French to dive into the universe of Notre-Dame de Paris with a dedicated focus class, to combine French language and culture!

Enjoy the reading and *à bientôt à l’Alliance Française de Singapour !*

Executive Director of Alliance Française de Singapour

(RE)BIRTHS

16 APRIL - 15 JUNE

LA GALERIE - 2ND FLOOR

At the heart of the programme, Alliance Française will present a spectacular exhibition "(Re)births" on the cathedral's construction and its successive restorations. You will be able to immerse yourself in the history of Notre-Dame, in models, images and virtual reality. From the first stone to the renovation site, come and discover the cathedral, which became one of the symbols of France through the centuries.

A fantastic VR experience is offered in the exhibition, for visitors to enjoy a unique virtual tour of Notre-Dame de Paris. Ubisoft, in the video game Assassin's Creed™: Unity, released in 2014, has reconstructed the cathedral, thanks to 5000 hours of graphic work, guided by historians. "Notre-Dame de Paris: Journey to the Past" offers the possibility of [re]discovering the cathedral from different points of view, some of which were inaccessible to the public (the roof, the flying buttresses...), in the heart of a lively Paris at the end of the 18th century.

Shown to the public for the first time at UNESCO headquarters during Heritage Days in 2019, the experience is now presented at the Archaeological Crypt of Paris, as part of the exhibition "Notre-Dame de Paris: from Victor Hugo to Viollet-le-Duc" and in the Micro-Folies cultural centers in France.

ETERNAL NOTRE-DAME BY MICHEL SETBOUN

The artistic agency MABILLE & CHAUMETTE presents « Eternal Notre-Dame », an unprecedented Fine Art photo exhibition by the famous French photographer Michel Setboun.

To pay tribute to the majestic and iconic Cathedral of Paris, he practised his art in 3 different styles: Black and White, Colors, and Comic book processing. The latter style, very modern and unique, half-photo and half-design, refers to the colourful façade of the Cathedral back in the Middle Ages. This stunning series celebrates Notre-Dame de Paris, both Parisian and universal, intimate and mysterious, multiple and eternal.

Today, Michel Setboun's photographs are shown everywhere in the world. His Ayatollah Khomeini portrait is considered one of the 100 most remarkable photographs of our century.

Co-Curators of the Exhibition: Camille Chaumette & Agnès Mabilie
Each photograph is available for sale in Limited Edition.

QUASIMODO, A MUSICAL STORY

Be transported to the magic of Paris, and witness the truly unforgettable story - "The Hunchback of Notre-Dame", which will come to life on 15 April, exactly three years after the famed Cathedral was engulfed in flames, an event that devastated the world.

Quasimodo, A Musical Story features songs from the internationally lauded smash-hit musical Notre Dame de Paris, famously known for its intoxicating music and deep emotional appeal.

Quasimodo is a dramatic tale of impossible love and jealousy doomed by injustice and hypocrisy, which remains timeless and relevant in today's society. Experience this musical adaptation of Victor Hugo's *Les Misérables* 1831 novel Notre Dame de Paris which follows the perils of the kind hunchbacked bell-ringer of the Cathedral, Quasimodo. Watching from the spires of Notre Dame, Quasimodo falls in love with Esmeralda, a captivatingly sensual Bohemian girl. Adding to the emotional web are the morally conflicted Priest Frollo and the unfaithful Captain Phoebus, who also long for Esmeralda's love. In this tale of lust and love so true, who shall emerge unscathed?

Directed by Nathalie Ribette from Sing'Theatre, Quasimodo features a stellar cast of both established theatre talents (Hossan Leong, George Chan, Vanessa Kee) as well as theatre debuts (TJ Taylor, Joash Zheng, Preston Lim and Gabrielle Rae Sammy).
